

**How to Properly Dispose of Oil and Gas
in Old Lawn and Garden Equipment.
and Recycle it for FREE**

- 1) Drain oil and gas into a non-leaking container (i.e. plastic milk jug, glass jar with lid). You can combine oil and gas in one container. Use extreme caution. Work outside and away from open flame or sources of heat. Don't smoke. It's highly flammable and toxic!
- 2) Seal the container and label it "Oil and gas mixture" .
- 3) Take your container **during operating hours** to the:

Larimer County Household Hazardous Waste Collection Facility

5887 South Taft Hill Road (at the Larimer County Landfill)

HOURS:

Tuesday, Thursday, Friday, Saturday; 9:00 a.m. – 4:00 p.m.

- 4) They will accept your container and dispose of the contents.
 - **DO NOT LEAVE THE CONTAINER ANYWHERE AT THE SITE WHEN THEY ARE CLOSED.**
 - **DO NOT POUR THE OIL & GAS MIXTURE INTO THE HAZARDOUS WASTE FACILITY OIL TANK YOURSELF. (The oil tank cannot accept gasoline.)**

There is no fee for recycling oil and gas.

QUESTIONS?

Call the County Hazardous Waste Facility at 498-5773, or visit their website at <http://www.co.larimer.co.us/depts/pubwor/natres/haz.htm>

Thank you!
