

**AGENDA
SUPER ISSUES MEETING
MONDAY, SEPTEMBER 9, 2024**

Location: The Lincoln Center – Founder’s Room

Time: 5:30 p.m. – 7:30 p.m.

Please RSVP through [Engage](#) or to dlau@fcgov.com

Agenda Item	Purpose	Time (PM)
<u>Welcome & mingle</u>	Time to chat and grab some snacks and refreshments.	5:30-6:00
<u>Human Services & Housing in Fort Collins</u> Adam Molzer, Social Sustainability Manager Dianne Tjalkens, Grant Program Administrator	Staff will present preliminary results from their broad-reaching engagement/data gathering efforts addressing housing, homelessness and human services in Fort Collins.	6:00-6:45
<u>Which Wheels Go Where</u> Rachel Ruhlen, Transportation Planner Dave Kemp, Senior Trails Planner	The City is interested in refining rules about which kinds of micromobility - e-scooters, skateboards, rollerblades, etc. - can go where. In line with our City's efforts to curb emissions per the Our Climate Future plan, updates to our micromobility policies support City goals within the Active Modes Plan, the Vision Zero Action Plan, the Strategic Trails Plan, and Council Priorities such as 15-Minute City and Reduce Climate and Air Pollution. The City has a survey through September 30, 2024 to learn what people think about different kinds of micromobility devices on sidewalks, paved trails, bike lanes, and streets. We are looking for input from boards and commissions on options being considered for regulating micromobility. Learn more, and take the survey, at: https://ourcity.fcgov.com/which-wheels-go-where .	6:45-7:30
<u>Wrap-Up</u>	Thank you for giving us your time!	7:30
