Project Name

Community Pool and Park for Bloom Flg 5
CDR240040

Applicant

Mallory Redmon

720-782-0059

mredmon@norris-design.com

Planner: Kai Kleer

Engineer: Sophie Buckingham

DRC: Brandy Bethurem Harras

Description

This is a request to develop a neighborhood park and pool at Tract F of Bloom Filing Five (parcel # 8709225006). The applicants propose to develop a previously undeveloped property for a community pool and park and small parking lot. Access is taken from Sykes Dr. to the south. The site is directly N of Aria Way and 0.22 mi W of E Vine Dr. The property is within the Low Density Mixed-Use Neighborhood District (LMN) zone district and the project would be subject to a Basic Development Review (BDR)

The City disclaims, and shall not be held liable for any and all damage, loss, or liability, whether direct, indirect, or consequential, which arises or may arise from these map products or the use thereof by any person or entity.

CONCEPTUAL REVIEW: APPLICATION

General Information

All proposed development projects begin with Conceptual Review. Anyone with a development idea can schedule a Conceptual Review meeting to get feedback on prospective development ideas. At this stage, the development idea does not need to be finalized or professionally presented. However, a sketch plan and this application must be submitted to City Staff prior to the Conceptual Review meeting. The more information you are able to provide, the better feedback you are likely to get from the meeting. Please be aware that any information submitted may be considered a public record, available for review by anyone who requests it, including the media. The applicant acknowledges that they are acting with the owner's consent.

Conceptual Reviews are scheduled on three Thursday mornings per month on a "first come, first served" basis and are a free service. One 45 meeting is allocated per applicant and only three conceptual reviews are done each Thursday morning. A completed application must be submitted to reserve a Conceptual Review time slot. Complete applications and sketch plans must be submitted to City Staff on Thursday, no later than end of day, two weeks prior to the meeting date. Application materials must be e-mailed to preappmeeting@fcgov.com. If you do not have access to e-mail, other accommodations can be made upon request.

At Conceptual Review, you will meet with Staff from a number of City departments, such as Community Development and Neighborhood Services (Zoning, Current Planning, and Development Review Engineering), Light and Power, Stormwater, Water/Waste Water, Advance Planning (Long Range Planning and Transportation Planning) and Poudre Fire Authority. Comments are offered by staff to assist you in preparing the detailed components of the project application. There is no approval or denial of development proposals associated with Conceptual Review. At the meeting you will be presented with a letter from staff, summarizing comments on your proposal.

BOLDED ITEMS ARE REQUIRED *The more info provided, the more detailed your comments from staff will be.*

Contact Name(s) and Role(s) (Please identify whether Consultant or Owner, etc) _____

Are you a small business? Yes No Business Name (if applicable) _____

Your Mailing Address _____

Phone Number _____ Email Address _____

Site Address or Description (parcel # if no address) _____

Description of Proposal (attach additional sheets if necessary) _____

Proposed Use _____ Existing Use _____

Total Building Square Footage _____ S.F. Number of Stories _____ Lot Dimensions _____

Age of any Existing Structures _____

Info available on Larimer County's Website: http://www.co.larimer.co.us/assessor/query/search.cfm

If any structures are 50+ years old, good quality, color photos of all sides of the structure are required for conceptual.

Is your property in a Flood Plain? Yes No If yes, then at what risk is it? _____

Info available on FC Maps: http://gisweb.fcgov.com/redirect/default.aspx?layerTheme=Floodplains.

Increase in Impervious Area _____ S.F. (Approximate amount of additional building, pavement, or etc. that will cover existing bare ground to be added to the site)

Suggested items for the Sketch Plan:

Property location and boundaries, surrounding land uses, proposed use(s), existing and proposed improvements (buildings, landscaping, parking/drive areas, water treatment/detention, drainage), existing natural features (water bodies, wetlands, large trees, wildlife, canals, irrigation ditches), utility line locations (if known), photographs (helpful but not required). Things to consider when making a proposal: How does the site drain now? Will it change? If so, what will change?

Re: Bloom Community Pool & Park – Concept Review Narrative

To whom it may concern:

We are excited to present the Concept Review materials for the Bloom Community Pool and Park, representing the next phase in the Bloom Master Planned Community. This development, proposed for Tract F of Bloom Filing 5, will serve as a central gathering point for the community. Situated on the northern portion of Aria Way, it will serve as the northern terminus of the pedestrian parkway established within the Mulberry & Greenfields PUD Master Plan, and as partially designed within Bloom Filings One, Two, and Four.

The Bloom Community Pool and Park will include a range of amenities such as a lap pool, kiddie pool, restrooms, playground, pickleball court, nature trail, multi-use lawn, and enhanced landscaping consistent with previously planned areas of Bloom.

In the upcoming Concept Review meeting, we are eager to discuss the following items:

- Process: Confirming we will be following a BDR process.
- Parking: Seeking clarification on parking requirements for this application.
- Parking Access: Addressing any potential concerns regarding the location of parking facilities.

We are grateful for your time and consideration of this proposal. We are looking forward to the opportunity to collaborate with you on this next exciting phase.

Sincerely,
Norris Design
