Volunteer Job Title: General Education

Gardens education volunteers help us fulfill our mission to improve the lives of people and inspire stewardship through horticulture. Volunteers can work in a variety of programs year-round including but not limited to group tours, story times, camps, outreach and adult education. A criminal background check is required for volunteers in a position working with vulnerable populations. Tasks and responsibilities vary, training is provided, and all volunteers are welcome!

Primary Activities:

- Participate in trainings and on-going learning opportunities
- Assist, co-lead or lead garden and nature-based activities for groups of children ages 2-18.

Expectations:

- Enthusiasm for sharing a love of gardening and the natural world.
- Basic understanding of the Gardens on Spring Creek and general plant/garden ecosystem knowledge.
- Ability to read instructions, communicate clearly and follow instructions.
- Experience or interest in working with kids.
- Clear background check.
- Completed online training

Time Commitment and Availability:

- Varies depending on program but generally, Monday through Saturday mornings. Camps are full day programming.
- Review each program carefully. Some programs ask for a consistent commitment and others are better for sporadic involvement.
