

What kinds of features make multi-unit housing (3 or more units) feel like it fits in with a neighborhood?								
Category	Not Important	< in between >	Slightly Important	< in between >	Fairly Important	< in between >	Very Important	Additional Comments
Height & Roof Styles	2		8	2	2		23	Same roof styles make it monoculture
Location of Parking	3		4		6	3	17	
Building Character & Materials	2		6	2	4	1	18	Preserving old buildings will keep character and keeps materials out of landfills
Setbacks	5	1	3			10	11	
Floor Area/Footprint	3	2	5		7		9	All new commerical should be required to have solar panels on top, code mentions climate goals but doesn't have requirements to support them
Percent on a Block	13		1		2	2	9	Percentage isn't issue- zoning is what matters
General Comments								Parking is insufficient for these units, keeping space for kids to play is important, single family neighborhoods should be preserved, neighborhoods should worry less about single families and more about mitigating homelessness
