

ORDINANCE NO. 172, 2024
OF THE COUNCIL OF THE CITY OF FORT COLLINS
AMENDING CHAPTER 7.5 OF THE CODE OF THE CITY OF
FORT COLLINS TO REVISE THE CAPITAL EXPANSION FEES
AND TRANSPORTATION EXPANSION FEE
(ALTERNATIVE #2)

A. The City is a home rule municipality having the full right of self-government in local and municipal matters under the provisions of Article XX, Section 6 of the Colorado Constitution.

B. Among the home rule powers of the City is the power to regulate, as a matter of purely local concern, the development of real property within the City and establish impact fees for such development.

C. The City Council has determined that new development should contribute its proportionate share of providing the capital improvements that are typically funded with impact fees.

D. The City Council has broad legislative discretion in determining the appropriate funding mechanisms for financing the construction of public facilities in the City.

E. In 2023, City staff initiated a comprehensive review of its various impact fees now charged to new development, including its community parkland, neighborhood parkland, police, fire protection, transportation, general government and transportation capital improvement expansion fees (collectively, "Capital Expansion Fees").

F. As a result of that review, the City commissioned an impact fee study for the community parkland, neighborhood parkland, police, fire protection and general government capital improvement expansion fees that has resulted in the "Capital Expansion Fee Study" dated November 21, 2023, which has identified the need to increase such Capital Expansion Fees by various amounts.

G. The City also commissioned an impact fee study for the transportation expansion fees dated October 20, 2023, that has resulted in the "Transportation Capital Expansion Fee Study," which also identified the need to increase and decrease the transportation expansion fees by various amounts depending on the type of development proposed.

H. Adjustments to the fee schedules to levels below those identified in the fee studies will ultimately result in lower levels of service, as well as delays in building new infrastructure and service capacity. The City Council directs the City Manager to explore alternative sources of funding to cover the shortfalls, including backfill from the general fund.

I. The City Council decided to adjust the Capital Expansion Fees for inflation only, similar to adjustments made for 2024. This decision does not adopt the fee adjustments identified in the 2023 fee studies.

J. The name of the applicable consumer price index changed from the “Denver-Boulder Consumer Price Index for Urban Consumers” to the “Denver-Aurora-Lakewood Consumer Price Index for Urban Consumers.”

K. The fee studies and related staff work brought to light the need to add a category for “office and other services” to the definition of commercial development.

L. City staff recommends adding the phrase “per 1,000 square feet” to the applicable sections of the fee charts.

M. For the foregoing reasons, the City Council has determined that it is in the best interest of the City and its citizens and necessary for the protection of the public’s health, safety and welfare, that the Capital Expansion Fees be adjusted for inflation as hereafter provided.

In light of the foregoing recitals, which the Council hereby makes and adopts as determinations and findings, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF FORT COLLINS as follows:
